Caregiving Matters

About Caregiving Matters:

- Founded in 2008, we are an Internet-based registered Canadian charity
- We offer education and support to family caregivers
- 90% of what we do leverages technologies, 10% produces local events
- Leveraging technologies ensures greater reach and sustainability
- Drop by the website to see our wide-range of topics & support programs

The Power of Attorney Project

- National, inter-generational, public education project
- Features: live workshops, webinars, website videos, DVD's, online forums, podcasts & downloadable tools
- Legal, financial and social service experts share their knowledge and wisdom
- Individuals and families can:
 - Have their questions addressed
 - Increase their understanding
 - Develop skills and strategies to help them deal with some of the complex and difficult issues of aging

More About Our Project:

- It is not a substitute for seeking personalized legal, financial or other advise.
- Although each jurisdictions (province) has it's own POA laws, the family issues across Canada are the same. We hope people speak with their local professionals to discuss their issues.
- This is a supported call-to-action for families to:
 - Start talking about their POA issues
 - Find solutions to their problems
 - Have greater peace of mind
